Discussed implications of implementation of NW District Parking Plan. This new parking plan would have permit parking 9am-7pm, Mon.-Sat. with 3 hour visitor parking limits to the areas to the north and west of Zone K. This is more restrictive than our current 7am-6pm, Mon.-Fri. with 2 hour visitor parking. New plan reduces guest hour limit to 2 hours on event days.

Adding this more restrictive parking to the west of us and with the current metered parking to the east of us (The Pearl) would likely force more folks to park in Zone K.

Decided we should survey residents about possibly adjusting Zone K hours to 7am-7pm, Mon.-Sat. with 2 hour visitor parking. No changes for event days. Richard would develop electronic survey. Mary Ann will export latest list of folks who registered at parkingzonek.com. Plan to have survey distributed around July 15 and give folks two weeks to respond.
