Dear Resident or Business:

Re: Scratch-off Parking Permit Changes in Zone K.

As the demand for parking continues to grow in your neighborhood, the Zone K parking committee is interested in finding ways to help ease parking concerns. Recently, the parking committee surveyed Zone K users, via the committee's website, and concluded that limiting the single day scratch-off permits to 5 books (50 permits) per address per year would help prevent overuse and abuse of these permits. Starting January 1, 2015 the maximum number of permit books an address will be able to obtain in the permit year (August 1st to September 30th) will be five (5).

If you have questions or concerns about this change, please call or email me at (503) 823-5412 or jay.rogers@portlandoregon.gov. You can become informed and involved with your permit program by going to the Zone K webpage: <http://parkingzonek.com>, and subscribe to that website's mailing list.

Sincerely,
Jay Rogers
Area Parking Permit Administrator
